AFFILIATIONS

ACM ICPC

December 2017

- Joining **ACM ICPC** - <https://icpc.baylor.edu> -made me earn a lot of problem solving skills , Algorithms and Team Work experience .
- At my beginning me and my team Participated in the ACM Local contest but it was just a two team difference from the Qualification but now we are training with all efforts for the next contest under the super vision of **coach / Mohamed Abdel-Wahab** .
- here is my **codeforces** account <http://codeforces.com/profile/...>

MSP Tech Club - Cairo University

September 2018

- Joining **MSP Tech club** Made me earn a lot of its products (Technical sessions, Soft skills, workshops, events and competitions) even keeping on with this family gained me a lot of communication skills and trained about how to use my soft knowledge into a real skills.
- for more details about this family <https://www.facebook.com/MSPCU...>

ACTIVITIES

- Building many Repositories at my **GitHub** account <https://github.com/AhmedSayedM...> and joining with teams to complete projects.
- participating at many **contests** on **Codeforces** <http://codeforces.com/profile/...>
